

# 当丹比尤'业尹马 亚尹丹刀

Thank you for downloading and using my theme. The Black'UPS Darkness for iPad is support iOS 4.2.1 now ,be sure to read these notes :

- Go to "var/mobile/Library/Caches/" and delete files with names  
*" com.apple.SpringBoard.folderSwitcherLinen.x"*
- Wallpaper – in Wallpaper foyer i sone file "sync me" .Open your iTunes and sync this image to your iPad.

Icons :

If you need more icons,just visit my Black'UPS HD icons site,there are many icons which I've made it for iPhone 4. Download them and shrink them in Photoshop to 72x72 pixel or go to Black'UPS iPad thread on Macthemes.net forum and request there.

Macthemes link :
